

GENERAL TERMS AND CONDITIONS
(Continued)

17. INTERNET WEBSITE

17.1 Purpose:

Paiute will provide timely information pertaining to arranging for transportation services, including informing all interested Shippers or potential Shippers about the availability of capacity at Receipt Points, on the mainline, at Delivery Points, and at Delivery Locations, and whether the capacity is available from the pipeline directly or through capacity releasing. Paiute will also maintain and provide access to bidding information pertaining to released capacity and information about the status of requests. Paiute will update and maintain this information on its Internet website at www.paiutepipeline.com. Persons who wish to utilize the Internet website, to comment on the Internet website, or to make inquiries about the information posted on the Internet website should contact Paiute at the following address to obtain detailed access and log-on information:

Paiute Pipeline Company
5241 Spring Mountain Road
Las Vegas, Nevada 89150-0002
(702) 876-7178

Paiute's Internet website will include the following features:

- (a) The ability for a Shipper to download a file;
- (b) A daily backup of information displayed on the board, which information will be accessible for review for at least three (3) years;
- (c) A periodic purging of information on completed transactions from current files;
- (d) The display of most recent entries ahead of information on completed transactions from current files;
- (e) An on-line help and an on-line search function that permits users to locate all information concerning a specific transaction;
- (f) The procedures for backup, archiving and retrieval will be explained on Paiute's Internet website, and amended as necessary;
