Shipper has provided Paiute with sufficient instructions to evaluate the corresponding bid(s) according to the timeline, and (3) there are no special terms or conditions of the release. Further, Paiute may complete the capacity release process on a different timeline if the offer includes unfamiliar or unclear terms and conditions (e.g., designation of an index not supported by Paiute). 14.3 Short-Term Releases (one year or less):

- (a) Prearranged Releases Not Subject to Bid: A Releasing Shipper may release capacity to a Prearranged Replacement Shipper without having to comply with the notification and bidding requirements of this Section 14, if the release is (1) to an asset manager, as defined in Section 284.8 of the Commission's regulations, (2) to a marketer participating in a state-regulated retail access program, as defined in Section 284.8 of the Commission's regulations, or (3) for any period of thirty-one (31) days or less. A release under this Section 14.3(a) will be posted on Paiute's Internet website as soon as possible, but not later than the first Nomination, after the release transaction commences. Such release will be subject to the timeline below.

Releasing Shipper and Prearranged Replacement Shipper must comply with Sections 14.2(i), (j) and (p) herein. A Releasing Shipper may not roll over, extend, or in any way continue a release to the same Replacement Shipper, where the first release was exempt from bidding using the 31 days or less exemption described hereinabove, until twenty-eight (28) days after the first release period has ended. The 28-day hiatus does not apply to any release to the same Replacement Shipper that is posted for bidding or that is a release (1) to an asset manager, as defined in Section 284.8 of the Commission's regulations, (2) to a marketer participating in a state-regulated retail access program, as defined in Section 284.8 of the Commission's regulations, or (3) for more than one year at the applicable maximum reservation charge. The following posting and notification procedures shall apply to a release under this Section 14.3(a): [NAESB WGQ 5.3.2]
