

GENERAL TERMS AND CONDITIONS
(Continued)

17. INTERNET WEBSITE (Continued)

- (g) A display menu that permits Shippers to separately access notices of available capacity and the transportation log; and
- (h) A list of user and access fees.

17.2 Information to be Posted:

Paiute's Internet website will make the following information available to users:

- (a) The availability of firm transportation capacity at specific Receipt Points, on the mainline, at specific Delivery Points, and at specific Delivery Locations, and whether the capacity is available directly from Paiute or through capacity release.
- (b) Information indicating the availability of interruptible transportation capacity on Paiute's system.
- (c) Information concerning offers of released capacity, bids submitted (including any prearranged release deals), and accepted offers for released capacity, as specified in Section 14 of the General Terms and Conditions of this tariff.
- (d) Information concerning offers to purchase capacity.
- (e) When an existing firm transportation Service Agreement is near expiration, the potentially available capacity and the terms and conditions required for bids under the Right-of-First-Refusal procedures prescribed in Section 16 of the General Terms and Conditions of this tariff.
- (f) When Paiute determines that a Receipt Point, Delivery Location or Delivery Point change request will be honored, notice of the approved change will be posted at least one (1) working day prior to effectiveness of the change.
- (g) Any other information or notices necessary for Paiute and Shipper to arrange for transportation service.
- (h) Notices of scheduled maintenance and other operational notices.
- (i) Applicable maximum rates for all rate schedules.
