

GENERAL TERMS AND CONDITIONS  
(Continued)

2. GAS MEASUREMENT AND MEASURING EQUIPMENT

2.1 Unit of Measurement and Basis of Measurement of Gas: (Continued)

- (1) The time limitation for disputes of allocations will be six (6) months from the date of the initial month-end allocation with a three (3) month rebuttal period. This standard shall not apply in the case of deliberate omission or misrepresentation or mutual mistake of fact. Parties' other statutory or contractual rights shall not otherwise be diminished by this standard. Mutual agreement between parties, legal decisions, and regulatory guidance may be necessary to determine if the event qualifies for an extension of the above time periods. [NAESB WGQ 2.3.26]

2.2 Unit of Measurement and Basis of Measurement of Liquefied Natural Gas in Storage:

The measurement base for liquefied natural gas stored in the LNG Plant shall be Gallons which shall be converted to Dth as follows:

The quantity of liquefied natural gas stored at the LNG Plant shall be obtained by a liquid level measurement device that determines the linear feet of liquid in storage. By use of the appropriate tank table the linear feet of liquid will be converted to Gallons and such Gallons of liquid will be converted to Dth by the application of the Dth per Gallon conversion factor that is determined at the time of the material balance audit specified in Section 4.7(c)(2) of the General Terms and Conditions of this tariff.
