Dear Mr. Olenick:

Re: Revision to Exhibit A of Transportation Service Agreement No. F36

Exhibit A of Southwest Gas Corporation's (Southwest) Transportation Service Agreement (TSA) No. F36 with Paiute Pipeline Company (Paiute) incorrectly identifies the delivery point location for the Tracey Power Plant as Washoe County, Nevada. The correct location for the delivery point is in Storey County, Nevada. The remainder of information identifying the location in the existing Exhibit A is correct.

Therefore, it is necessary for the Exhibit A in TSA No. F36 to be updated to reflect the correct location of Storey County, Nevada. The revised Exhibit A to TSA No. F36, which now reflects the correct location, is attached. The revised Exhibit A will replace and supersede the existing Exhibit A.

Please have an authorized representative of Southwest sign both originals of this Letter Agreement in the space provided below and return both copies to Paiute for its execution. Paiute will return one fully executed letter agreement to Southwest for its records.
