11. ANNUAL CHARGE ADJUSTMENT (ACA) PROVISION

11.1 Purpose:

The provisions of this Section 11 set forth the procedures, whereby Transporter's rates for its rate schedules contained in this tariff are adjusted in order to recover the annual charges assessed to Transporter by the FERC under Part 382 of the Commission's Regulations.

11.2 Basis of the Annual Charge Adjustment:

The rates to be charged under Transporter's rate schedules shall include a separately identified rate increment for an ACA Unit Surcharge. Such surcharge shall be that increment, adjusted to Transporter's pressure base and heating value, if required, which is authorized on an annual basis by the FERC. The ACA Unit Surcharge shall be that amount which is published on the FERC's website at www.ferc.gov.

11.3 Accounting Procedures:

Transporter will record annual charges in FERC Account No. 928. Pursuant to Section 154.402(b)(4) of the Commission's regulations, Transporter will not attempt to recover any annual charges previously recorded in Account No. 928 in a NGA Section 4 rate case.
